

# DIOR

## MEASURE YOUR WRIST WITH THE PRINTABLE DIOR TAPE MEASURE

1. Print the tape measure by selecting "Print Full Size" (make sure not to select "Scale to Sheet"). To verify that the ribbon is scaled correctly, the line below should be the same as the width of a credit card :

2. Cut the ribbon, along with the dotted slot, and wrap it around the wrist you will be wearing your Dior bracelet on.  
Make sure it is not too tight: you should be able to move it.

3. The number on the slot is your wrist size. For example, if you are a size 16 cm and you want a snug fit, we suggest you choose size 15.5 cm.  
If you prefer a looser fit, size 16.5 cm will be more suitable.

If you have any difficulties, please do not hesitate to visit our boutique, we will be happy to help you.
